Continued Prosecution Application

The request filed on 9/4/01 for a Continued Prosecution Application (CPA) under 37 CFR 1.53(d) based on parent Application No. 09/026882 is acceptable and a CPA has been established. An action on the CPA follows.

The amendment filed 9/4/01 requesting that the specification be amended to refer to the present Continued Prosecution Application (CPA) as a CPA of application of Application No. 09/026882 has not been entered. As set forth in 37 CFR 1.53(d)(7), a request for a CPA is the specific reference required by 35 U.S.C. 120 to every application assigned the application number identified in such request. Thus, there is no need to amend the first sentence of the specification to refer back to the prior application and any such amendment shall be denied entry.

Claims 1-17 are pending.

Claims 1-7 and 16-17 have been withdrawn from consideration as being drawn to a non-elected invention.

Claims 8-15 are currently under consideration.

The declaration is accepted.

Claim Rejections - 35 USC § 103

The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the

Art Unit: 1642

invention was made to a person having ordinary skill in the art to which said subject matter pertains.

Patentability shall not be negated by the manner in which the invention was made.

The factual inquiries set forth in *Graham v. John Deere Co.*, 383 U.S. 1, 148 USPQ 459 (1966), that are applied for establishing a background for determining obviousness under 35 U.S.C. 103(a) are summarized as follows:

1. Determining the scope and contents of the prior art.
2. Ascertaining the differences between the prior art and the claims at issue.
3. Resolving the level of ordinary skill in the pertinent art.
4. Considering objective evidence present in the application indicating

obviousness or nonobviousness.

Claims 8-15 remain rejected under 35 U.S.C. 103(a) as being unpatentable over Tanimoto et al, Leukemia, vol. 3 p. 339 (1989) or Scheinberg et al, Leukemia, vol. 3 p. 440 (1989) in view of Thorpe et al, Immunological Reviews vol. 62 p. 119 (1982) and Andrews et al Blood, vol. 62 p. 124 (1983) and Rosenblum et al US 5631348 (filed 8/14/90). The reasons for this rejection are of record in paper no. 7, mailed 12/27/99.

Applicant did not provide any new arguments.

Claims 8-15 remain rejected under 35 U.S.C. 103(a) as being unpatentable over Scheinberg US 5730982 (filed 12/14/89) in view of Thorpe et al, Immunological Reviews vol. 62 p. 119 (1982) and Andrews et al Blood, vol. 62 p. 124 (1983) and Rosenblum et al US 5631348 (filed 8/14/90). The reasons for this rejection are of record in paper no. 7, mailed 12/27/99.

Applicant did not provide any new arguments.

Conclusion

No claim is allowed.

All claims are drawn to the same invention claimed in the parent application prior to the filing of this Continued Prosecution Application under 37 CFR 1.53(d) and could have been finally rejected on the grounds and art of record in the next Office action. Accordingly, **THIS ACTION IS MADE FINAL** even though it is a first action after the filing under 37 CFR 1.53(d). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
